

A black and white micrograph showing a large, elongated, and irregularly shaped mineral specimen. The specimen has a light gray, somewhat crystalline texture and is set against a dark, granular background. Two specific areas on the specimen are highlighted with blue dots and labeled with white text boxes. The label '187-1-113_reg2' is positioned above the first dot, and '187-1-113_reg1' is positioned above the second dot. A scale bar in the bottom left corner indicates a length of 100 micrometers.
